

From the ground up...

creating natural dyes and paints

Join art professor Cindy Vojnovic for these weekend-long sessions using natural art materials that you'll learn to create.

Natural Dyeing from the Ground Up

Friday, May 12 - Sunday, May 14

Paint from the Ground Up

Friday, May 26 - Sunday, May 28

These classes will be taught at the Northampton Community College's East 40. They are hands-on sessions in which you will learn how to make natural dyes and paints, using materials harvested from the East 40's acreage.
